# [3.4] Inorganic Waste Treatment

## Description

IFSULDEMINAS has several actions, in all its units, for the treatment of inorganic waste. In the annex, there is the Draft of the Agreement between IFSULDEMINAS and INATEL for the proper collection and disposal of batteries and electronic waste. Source: IFSULDEMINAS.

#### Figures 1 and 4: IFSULDEMINAS Electronic Junk Collection Week

IFSULDEMINAS Electronic Junk Collection Week delivers to INATEL reuse project equipment and materials collected in the units. Students specialized in the electronic area analyze the electronic materials collected, use pieces that work and assemble other equipment that are donated to poor students. The material that is no longer useful is intended for the companies that do the disposal service. Link 1

## Figure 2: Inconfidentes Campus Information Technology sector disposal of electronic materials

The disposal of IT assets is carried out in accordance with Decree No. 9,373, of May 11, 2018 and also in accordance with Normative Guideline No. 3 of the IFSULDEMINAS Information Technology Directorate. In 2019, a process for the disposal of IT assets was carried out at Campus Inconfidentes, in which the Ministry of Science, Technology, Innovation and Communication - MCTIC indicated that the items downloaded should be

donated to CRC-INAC, represented by the Nova Ágora de Cidadania Institute. , through the Federal Government's Digital Inclusion program.
